ARE HELD FOR TRIAL

Four Missouri Senators Are Accused of Accepting Bribes in the Baking Powder Case.

MAKES SEVEN INDICTMENTS IN ALL

Attorney General Crow Says Indictments Were Issued on Strong Evidence and They Will Stick.

Lieut. Gov. Lee Is in Chicago and Says He May Return to St. Louis the Latter Part of the Week.

Jefferson City, Mo., April 20.—Cote county grand jurors returned four indictments, three presumably against state senators for the charged acceptance of bribes in connection with the alum bill legislation. Strict secrecy is maintained and definite information as to indictments can not be obtained. But by inference it is believed that one indictment is against a St. Louis senator, two against senators living outside of St. Louis and the fourth against somebody living in Jefferson City. This makes seven indictments thus far issued by the grand jury.

After the indictments were returned the grand jury adjourned to April 27, to permit Judge Hazell, who convened the body, to hold court in Morgan county. Attorney General Crow says that he felt confident the indictments would stick, as they were issued on strong evidence.

Judge Hazell took under advisement the cases of Page and Hickox, who refused to testify to the grand jury from whom they received bills of the denomination of \$1,000 and \$500. Judge Hazell will only send the men named to jail for contempt as a last resort.

Senator Buell Matthews, of St. Louis county, is among those for whom indictments have been returned by the Cote county grand jury, and he is here arranging for bond. Circuit Judge Hazell has fixed the amount of the bond at \$5,000.

Senator Matthews declares he is innocent of any crime for any vote he cast and asks that the public withhold criticism until he comes to trial, when he will establish his innocence.

St. Louis, April 20.—Robert E. Lee held a long-distance telephone conversation with his brother, Lieut. Gov. Lee, who is in Chicago. Sunday night he said that Lieut. Gov. Lee thought he could return to St. Louis the latter part of the week. Senator Frank Harris, of Steelville, against whom the grand jury returned an indictment, has been missing since Friday morning.

CRUISER WEST VIRGINIA.

The New Fighting Ship Was Launched at Fort Monroe, Va.

Ft. Monroe, Va., April 20.—The armored cruiser West Virginia was launched Saturday in the presence of more than 30,000 persons. The day was perfect. The delegation from West Virginia was large and enthusiastic. The launching drew thousands of visitors from the surrounding country and cities.

Mrs. Katherine V. White, daughter of Gov. White, of West Virginia, christened the vessel.

The West Virginia is the first of the six armored cruisers authorized by the Fifty-sixth congress to go overboard. The Colorado, a sister ship building at Cramps' shipyard in Philadelphia, will be launched in a few days. The Maryland, another of her sisters, building here, is only 1 per cent. behind the West Virginia, and will go overboard in a few weeks.

THE PRETENDER'S THREAT.

He May Attack the Port of Melilla, Belonging to Spain.

Madrid, April 20.—The Herald publishes a dispatch, but without vouching for the truth of the statement, to the effect that the pretender to the Moroccan throne has sent a message to the governor of Melilla threatening to attack that port if the refugees from Frajuna are allowed to remain within the Spanish lines.

Melilla is on the north coast of Morocco. It belongs to Spain and is a convict settlement.

Prominent Covington Man Dead.
Covington, Ky., April 20.—Thomas J. Whittle, aged 67 years, one of Covington's best-known residents, died Sunday afternoon at the family residence, No. 829 Willard street. Mr. Whittle some years ago was quite prominent in democratic politics. He had been ailing for some time. He leaves a widow and a number of grown children.

ELECTRIC RAILWAYS.

Trolley Lines Making Big Inroads on the Business of the Steam Railways.

Under the caption, "The War on the Locomotive," McClure's Magazine prints an interesting article from the pen of Samuel E. Moffett. In writing of the marvelous development of the trolley car system some interesting facts are given. Mr. Moffett says that the number of passengers carried by the American steam railroads has fallen off by over 12,000,000 in seven years. In another portion of his article Mr. Moffett says: "In Connecticut, where there are no very large cities to inflate the trolley figures, and where one great steam railroad system is supposed to be the feudal proprietor of the entire State, there was 20 per cent. more passengers on the electric lines in 1900 than on the steam roads. And that is the way the tide is running elsewhere."

The speed that has been attained on many trolley roads has caused much comment and it is said that motors are now being constructed that will propel cars at a rate of seventy-five miles an hour. In fact, it is believed that a speed of even greater than that will be attained. On the question of speed Mr. Moffett says: "The highest development of American electric railroading is seen in the plans of the New York and Rochester railroad, which has secured its right of way and franchises over the bitterest opposition of the steam lines, and has its preparations complete to the last detail. The road is to have four tracks, two for local and two for express trains, built on its own right of way. It will have regular passenger stations all along the line. The run sheet shows a schedule speed of over sixty miles an hour for express trains at two points between 149th street and Bronx park, and of about sixty-seven miles an hour at one point between Bronx park and Mt. Vernon."

Mr. Moffett thus speaks of the carrying of freight by the trolley lines: "The electric freight service is as flexible as an elephant's trunk, and as adept in picking up little things. It grows rich off the crumbs of business that a steam railroad would despise. It is always ready to go out of its way to accommodate the special needs of its patrons. The lemongrowers along the Los Angeles-Pacific railroad, which runs its trolley freight, passenger and mail cars between Los Angeles and Santa Monica, found that their fruit was suffering from the roughness of the trip. They stated their grievance, and the result is the 'Lemongrowers Express,' which carries the delicate spheroids to market as gently as in a baby's cradle."

FOOD FROM COTTON SEED.

A Remarkable Industry That Has Been Developed in a Few Years From Stuff That Once Was Waste.

[Manufacturers' Record.]

The world is now eating about 750,000,000 pounds of American cotton oil in one food or another. The annual crush of 45 per cent. of the seed of a 11,000,000-bale cotton crop would amount to 2,500,000 tons, or 5,000,000,000 pounds. As a matter of fact, that is about the amount of seed treated.

A ton of seed yields around 300 pounds of refined oil. The annual crush, therefore, produces 750,000,000 pounds of edible cotton oil. This country exports 250,000,000 pounds of cotton oil annually. The remaining 500,000,000 pounds remain at home for domestic use, and most of it is consumed here. Lards, butters, canned food requiring a greasy consistency, salad oils and dressings and other products of the packing-house and cannery utilize about 70 per cent. of the refined cottonseed oil consumed in this country. The oil is pure and wholesome. The chemist has nearly made it a neutral oil. The compound-lard industry alone justifies packing-house movement to the South and the meat-plant ownership of cotton-oil mills. Very little simon-pure hog lard is now made. The compound is sweeter, purer, keeps better and is better, being less liable to degeneracy and rancidity. A big cotton-oil-mill owner stated to the writer that a ton of cottonseed was worth \$23 for fertilizer purposes alone after the crude oil had been expressed from it. Attach this value to the cheap bone and blood meal body produced by the packing-house. The need of each appears. Last year Texas stockmen paid as high as \$28 per ton for cottonseed meal for stock feed. Drag the packer as a feeder into the situation, with seed costing \$12 to \$16 per ton f. o. b. cars. All of the factors in the two industries show not only a relation, but a natural affinity between the oil mill and the packing-house. The American packers understand this, and are getting closer to the oil mill.

MARRIED SATURDAY.

Mr. J. E. Boothe, of Covington, and Mrs. Bettie Donovan-Molloy Quietly Wedded at Central Hotel.

Mr. J. E. Boothe and Mrs. Bettie D. Molloy were married Saturday afternoon at 3 o'clock in the Central Hotel parlors, Rev. W. W. Hall officiating.

The bride was formerly Miss Bettie L. Donovan of this county and is a most estimable lady, having many friends and relatives in this city. For several years she was one of the county's successful teachers.

Mr. Boothe has been engaged in literary and business college work in the West for the past six or eight years until recently, and is now Principal of the Commercial Department of the Covington Public Schools. He is a graduate from the Indiana Normal University and is well qualified both from education and experience to hold any position in his profession, and is held in high esteem by the people who know him.

The happy couple were schoolmates several years ago, and since then their lives have been very suggestive of this paragraph in the courtship of Miles Standish, and which Rev. Hall so appropriately included in the marriage ceremony:

"Even as rivulets twain, from distant and separate sources, seeing each other afar as they leap from the rocks and pursuing each one its devious path, but drawing nearer and nearer, rush together at last at their trying place in the forest; so these lives that had run thus far in separate channels coming in sight of each other, then swerving and flowing asunder, parted by barriers strong but drawing nearer and nearer, rush together at last and one was lost in the other."

Mr. and Mrs. Boothe left shortly after the ceremony for Covington. The BULLETIN with their many other friends wishes them a long, happy and prosperous life.

THE SMALLPOX SITUATION.

A Statement From the Health Officer, Chairman of Board of Health and Mayor Giving the True State of Affairs.

So many wild and grossly exaggerated reports are flying about the country regarding the smallpox in Maysville, that the following giving the true state of affairs in the city was issued Saturday by the gentlemen named:

The number of cases developed in the city during the past six months, (since October 29th, 1902), 125, of all types. In that time, we have had twenty-four deaths.

There are now under treatment in this city only four cases, all convalescing. Seven families that have not been released from quarantine, but are well. There is but one case at the pest house; twenty-four persons confined there, only seven of whom have been afflicted with the disease.

Compulsory vaccination is being enforced from house to house in both city and county. H. K. ADAMS, Health Officer, J. A. REED, Chairman Board Health, W. E. STALLCUP, Mayor, JNO. DULEY, President Board of Trade.

Since the above was issued two cases have developed. Anthony Beasley, living on Second street in the West End of the city, was found with an attack of varioloid, and was removed to the pest house. This morning Thomas Bradford, living on Walnut street, Fifth ward, was reported ill with the disease.

RED MEN.

Great Sachem Pelham and Others Entertained by Sago Tribe of Germantown Saturday Night.

Sago Tribe No. 94, I. O. O. R., of Germantown, the youngest tribe in Kentucky, was officially visited Saturday night by Great Sachem W. C. Pelham, and his suite, consisting of State Exemplifier Frank L. Smith, of Lexington, Geo. W. Walters, of Hiawatha Tribe No. 75, of Indianapolis, and Past Sachem Geo. M. Haucke, Chief of Records W. C. Wormald, First Sannap Jas. W. Outten, and Guard of Forest Jas. B. Key, all of Wyandotte Tribe.

They reported a warm reception and a good time at the hands of Sachem Bell and his numerous clan. Over fifty were present, many having driven many miles.

The wigwam is spacious and quite a superior place of meeting. The members are very enthusiastic and full of vim and in a short time Sago Tribe will be one of the most powerful in the State.

The Great Sachem and Exemplifier each gave an instructive lecture, relative to the secret work and sign manual of the order.

It is safe to say that the members of Sago Tribe will always be warmly welcomed in the hospitable wigwam of Wyandotte Tribe.

OHIO'S CENTENNIAL.

Dr. A. N. Ellis, of This City, to be One of the Speakers at Celebration at Chillicothe.

[Manchester Signal.]

Dr. A. N. Ellis, of Maysville, has been named as one of the speakers at the coming Centennial of the Settlement of Ohio, at Chillicothe. He will represent the old settlers of Brown and Adams counties on the program. Dr. Ellis' great-grandfather, Colonel Nathan Ellis, of the Continental army, built the first house in Aberdeen in 1795. From that time up to 1816 that point was known as Ellis Ferry. Col. Ellis was a large land owner; at one time his estate held over 8,000 acres. He was the first Sheriff of Adams County, at that time one of the four counties of the State. Subsequently he was a member of the Constitutional convention and was afterwards in the State Senate. He died in 1819, and was buried on the hill over Aberdeen. In many ways he was a strong and original character.

Col. Ellis was also the great-grandfather of the editor of the Signal and has a great progeny in Adams and Brown counties, Ohio, and in Lewis County, Ky., and in fact his descendants are in nearly every State in the West and Middle West, and quite a number have attained distinction in medicine, law and politics.

COLORADO BARBER'S LUCK.

Changed His Guess and Won \$1,250 as a Result.

LEXINGTON, Ky., April 7.—Superstitious folks in the neighborhood of Nicholasville are discussing the theory of "luck in numbers" in the details connected with the guess of Augustus Fox, a Nicholasville barber, in the Enquirer's Mayoralty contest.

The number sent in by him as being his guess upon the number of prospective votes to be cast in the Mayoralty election in Cincinnati was 74,119. A few days before he had his guess recorded he had practically decided upon the number 72,800, but Fox got hungry and repaired to a local lunch counter, where he ordered a dish of baked beans. While engaged in putting them away he came across a small piece of paper, upon which was printed the number "74,119." The idea at once presented itself to him that he would use those figures as his guess in the contest, and he sent it in with the result now made public.

G. W. Rogers & Co.'s, 127 Market St., Maysville, Ky., is "the best place on earth" to purchase the purest and best Bourbon and rye whiskey, brandies, gins, California wines, etc. We guarantee all of our goods to be strictly pure and unadulterated.

THE MARKETS.

Review of Trade in Tobacco and Live Stock at Cincinnati the Past Week.

Tobacco.—The transactions of the week were the smallest known for a similar period in many months. This is due to several causes, chief of which is the miserably poor condition of the new tobacco and the fact that farmers and planters are temporarily out of the market on account of their spring plowing and planting.

Another prime factor in causing a light market is due to the big corporations restricting their purchases so that they can clear out accumulated stocks in their local warehouses, and this work in turn has been retarded for want of their redrying establishments.

Redried tobacco will begin to make its appearance in the breaks about May 15, and after that date a general improvement is expected all along the line.

New tobaccos stripped during the week is in a little better condition than last week's offerings, and the quality and variety was also much improved. While much of the buying was for the rehanding and export trade, the improved conditions lent encouragement to manufacturers and prices showed slight advances ranging from $\frac{1}{2}$ ¢ to $\frac{3}{4}$ ¢ as compared with last week.

Offerings of new were mostly of common and nondescript types under 4½¢ and good lugs and medium leaf ranging from 5½¢ to 9¢. Fine leaf was in very scant supply, less than a dozen hds being sold between 9½¢ and 12¢.

Old tobaccos were the strongest and best features of the sales, and present satisfactory prices are bringing out a very large proportion of what is left in shippers' hands of this crop.

Cattle.—On Monday heavy and medium weight cattle generally 15¢ lower, lights remaining steady; during the rest of the week there was a steady tone with no material change, although the market Thursday became slow and easy under an indifferent demand.

Hogs.—Active and steady to firm early, but became weaker during the past few days owing to lower markets elsewhere and fair movement. The quality of receipts is fair to good. Best heavies are selling at \$7.25@7.30 per 100 pounds, against \$7.45@7.50 a week ago, and light hogs are \$6.65@7.10, against \$6.75@7.10, showing the greatest decline in heavy hogs.

Sheep.—With an enlarged movement there was decided weakness in sheep and lambs all week; each day there was some decline, and now prices are about 50¢@75¢ lower on sheep; among sheep top prices are 90¢ lower than a week ago, although the average declines are about 50¢@75¢.

DESPERATE FIGHT.

James McKinney, the Outlaw and Murderer of Several Persons, Shot and Killed.

SURROUNDED IN A JOSS HOUSE.

In the Battle a Deputy Sheriff Lost His Life and a Constable Was Fatally Wounded.

Hulse, His Accomplice, Surrendered, and Another Pal Was Smoked Out and Jailed, the Posse Firing the Building.

Bakersfield, Cal., April 20.—James McKinney, the outlaw, was shot and killed here Sunday. Deputy Sheriff Tibbitts was also killed and Constable Packard was fatally shot.

Sheriffs Kelly, of Kern; Collins, of Tulare, and Leovin, of Arizona, with Officers Will and Burt Tibbitts, Gas Tower and City Marshal Packard surrounded McKinney shortly before 11 o'clock Sunday morning in a Chinese house. Will Tibbitts and Packard approached McKinney in the house and ordered him to surrender. McKinney answered by shooting. Will Tibbitts was shot through the stomach and died shortly after; Packard was shot through the neck and shoulders and dangerously wounded. Burt Tibbitts, a brother of the dead deputy sheriff, shot McKinney through the mouth and neck, killing him.

McKinney had been in Bakersfield two days and was harbored by friends in a Chinese joss house. The house was a regular fort. In the place with McKinney was Hul Hulse, a desperado. McKinney had a sawed-off shotgun in his hand while Hulse used a pistol. Hulse would not obey the order to come out of the barricaded house and the fire department was ordered to the scene. Hulse gave up. He was taken to the county jail. An immense mob surrounded the jail and tried to take him from the officers.

Another accomplice of McKinney was known to be in the house where the battle took place, but he would not surrender like Hulse. At 4:50 p. m. the building was set on fire and in 15 minutes the man was smoked out and taken to jail.

McKinney was accused of having committed several murders.

THE JENNIE HICKEY MURDER.

Two Men Charged With Complicity in the Crime Arrested.

Chicago, April 20.—Two men charged with complicity in the murder of Jennie Hickey in Douglas monument park, a crime that has baffled the police department for nearly five years, were arrested Sunday. One is Richard B. Finn, a well to do plumber. The other is Martin L. Marooney, a clerk for a big commercial house. Both men are being held without bail. Finn denies all knowledge of the crime. Marooney has stated that he was sitting at the entrance to the park when the murder occurred; that he saw Finn strike the girl and afterwards carry the unconscious form of the girl toward the lake and that in the course of half an hour he saw Finn return alone. Marooney offers no explanation of his long silence and has made many contradictory statements since being arrested.

The Hickey girl was only 14 years old. Her body was found in Lake Michigan at Thirty-fifth street in September, 1898.

GREEKS RIOT.

Three of the Leaders Shot By Policemen in Chicago.

Chicago, April 20.—Because one of their number had been arrested for creating a disturbance, a crowd of Greeks, who were celebrating their Easter Sunday here Sunday, created a riot and before the mob could be dispersed three of them had been shot by Policemen Cohen and Henry Oppeneheimer, a bystander, who came to the assistance of Cohen. The three wounded men, who are said to have been the leaders of the attack on the officer, were arrested. None of them was seriously injured. The disturbance occurred near the Greek Catholic church in Johnson street.

New Theater in Paris Opened.

Paris, April 20.—Sousa and his band opened at the Nouveau theater Sunday evening to a crowded house and scored a marked success, most of the numbers on the concert receiving encores. Many Americans were present.

STATE SENATOR GIBSON, of Indiana, recently contracted smallpox at Indianapolis and died. Within a week two of Senator Gibson's children developed the disease and died, and shortly after James Gibson, a brother, was seized, and he also died. The two remaining children of the family and Mrs. Gibson have been vaccinated, and they escaped the disease. Those who died had never been vaccinated. In the face of such object lessons as the above, there are some people so stubborn and bull-headed they have to be forced by law to get vaccinated.

TESTIMONY in the O'Hara turf commissioner case at Cincinnati showed that in the first five months of 1902, O'Hara received in cash \$280,000 from gullible citizens. He paid back in dividends \$122,887.91, and the balance of the money presumably went into O'Hara's pocket, but there is no record to show what became of it. Prior to 1902, O'Hara received \$115,000 from investors, making his total receipts almost \$500,000. He reached the end of his string, however, and is now good for a term in the pen. But he didn't land all the "suckers."

Judge Cochran sentenced Walker Reed, of Washington, convicted on charge of selling liquor without a Government license, to pay a fine of \$100 and serve sixty days in jail.

At the meeting of Portsmouth Presbytery at Manchester last week, Rev. S. A. Van Dyke, of Georgetown, and A. S. Doak, of Winchester, were chosen delegates to the next General Assembly to be held at Los Angeles.

Mr. Clarence Nower, night clerk at the Central Hotel, left for Dover Sunday morning to visit his parents who reside there, but the Town Marshal placed him under arrest and compelled him to leave on the next train, saying that Dover had quarantined against Maysville.

The "seedless" apple swindler is working the farmers in some sections on agreement not to sell more than two trees to one person, at \$6 per tree. Over in Ohio some glib tongued swindlers have caught a large number of suckers on a contract to illuminate whole farms at \$2 per light, a dynamo being furnished that will provide power for twenty years. Eventually the contract turns up calling for fourteen lights at \$64 each, making a bill of \$896 which he has to pay or compromise by paying \$200 to get released.

—Miss Sallie Riley, who was called home on account of death of her grandfather, the late Eneas Myall, left Sunday afternoon for Chicago to resume her studies.

—Mrs. H. Clyde Levi has returned to her home in Cincinnati after a visit with her mother, Mrs. Wm. Austin. She was accompanied by her brother, Mr. Charles R. Austin.

L. L. Lewis, aged twenty-six, and Anna Brown, twenty-one, of this city, were married at Covington Saturday.

Bishop Dudley will officiate at the marriage of Congressman A. O. Stanley and Miss Susie Soaper, of Henderson.

The Courier-Journal in its Saturday issue contained a half-tone of Mr. Joseph F. Walton, candidate for Representative.

Elder Van Norton, of Mt. Sterling, is the lay commissioner from Ebenezer Presbytery to the Presbyterian General Assembly at Los Angeles.

The Tobacco Growers Association will meet at Washington Tuesday afternoon at 1 o'clock instead of in this city. Mr. Mr. Hawkins, State organizer, will be present.

The late ex-Lieutenant Governor Bryan, of Covington, bequeathed his two daughters \$25,000, and the rest of his estate to his wife, including the family residence and \$40,000 cash.

Mr. Ed. Gault, formerly Jailer of this county, is about as near proof against smallpox as could be found. He relates that he slept with a soldier who had the disease while on the way, by sea, from North Carolina to New York in the '60s.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

It is Surprising the Amount of Business We Did in the Past Six Weeks,

Considering the embargo put on Maysville's business during that time. Our sales, however, compared with last year's corresponding time show such a decrease that it will require heroic treatment to restore our 1903 spring business to its normal volume.

It is not now a question of ordinary legitimate profit, it is simply a question of doing four months business in two months.

Convince yourself by looking in our East Window and see the Suits we have marked down to \$15. Not a Suit in the lot that under ordinary circumstances would have sold for less than \$18 and \$20.

In same proportion every Suit in the house is reduced. In Children's and Boys' Suits the same conditions will prevail.

Our Shirt stock is at its best. The Manhattan and Faultless, the two best brands in the country (confined to us) will please you.

Don't forget that every pair of Hanan and Douglas Shoes we sell you, you are guaranteed another pair or the money back if they give unreasonable satisfaction.

THE BEE HIVE

A Satisfactory Shoe Store

A busy one—because it deserves to be busy. Language has its limitation, which may account for lovers giving it up and merely holding hands. It isn't easy to make the plain facts of our Shoe business stand out without seeming to "knock" at other shoe business. Yet, why should we? Maysville was shoe happy even before this store started. We had to do better things, else no shoe business could have been won. We did, and to-day for COMFORT, WEAR AND STYLE we have the most satisfactory SHOESTORE in Maysville. We guarantee every PAIR and take much pleasure in fitting you, and you know "It is a feat to fit the feet."

CLARK-OUTTEN.

Aberdeen Newspaper Man Weds a Daughter of Mr. William Outten of This City.

Mr. Kenneth P. Clark, of Aberdeen, and Miss Anna S. Outten, of this city, were quietly married Saturday evening at 7:30 o'clock by Rev. T. G. Williams, pastor of the Aberdeen M. E. Church, the ceremony taking place at the home of the minister in that city.

The groom is the oldest son of Editor Clark of the Gretna Green, and has been local correspondent of one or two of the Cincinnati papers for some time. His bride is one of Maysville's estimable young ladies. Their many friends unite in congratulations and good wishes.

Mr. and Mrs. Clark will make their home in Aberdeen.

When buying your Spring outfit from me. The clothing I sell you, which are all made to measure and which range from \$15 up, ARE NOT YOURS IF NOT RIGHT. No matter if made in New York, Cincinnati, Aberdeen or in "my house," the construction of these garments is through me from start to finish, which in itself is sufficient guarantee that they are just so when you become their custodian. I am now showing some very handsome designs, a variety of weaves in new colors and novel color combinations, the effect of which is very striking. You stand in your own light should you fail to call to investigate.

IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.
Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.
3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 24th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company "gas will be turned off if account is not paid with five days after presentation" shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich., which price will be a sum equivalent to 50 per cent. discount from the list prices in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$36, the gas company will sell this range to consumer for \$13 cash or for \$28 cash at signing of lease and 60 cents a month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas. The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Weibach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully, MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langels on Market street, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langels or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.
